Part III EXAMINER'S AMENDMENT

1. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

Authorization for this Examiner's Amendment was given in a telephone interview with Robert J. Irvine on March 30, 2005.

The application has been amended as follows:

In the claims, claims 12-19 have been canceled.

REASONS FOR ALLOWANCE

2. The examiner amendment is needed to cancel claims 12-19 which was addressed in applicant's response on January 24, 2005 in order to put the case in condition for allowance.

3. Claims 21-27 are allowed.

4. The following is an Examiner's Statement of Reasons for Allowance:

Upon close review of the claims, the prior art of record and applicants remarks in the amendment on page 7 lines 1-5 mailed March 14, 2005, it appears that the allowance of claims 21-27 is appropriate.

(abstract and col. 3 line 60 through col. 4 line 29). Lee (U.S. Patent 6,208,862), newly recited reference, discloses an idle mobile station receives a global service redirection message on a synchronize channel for hard hand off (col. 3 lines 1-25).

However, Djurkovic et al. and Lee do not teach claims 21-27 discussed above.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
